

Reimagining Social Care:

Reflecting on the Present,
Responding to the Future

ATU Letterkenny

Thursday 30 October, 9:15am-4:30pm

**Inviting Social Care
Workers, Managers,
Organisations, Allied Care
Professionals, and Students.**

Social care practice operates within an ever-evolving landscape shaped by complex societal challenges, professional regulation, and changing expectations of care. This year's conference invites participants to pause and critically consider the realities of contemporary practice while exploring pathways for future provision. The event provides a platform for dialogue and collaboration to support the future of social care practice.

Keynote Speaker

**Dr. Nicola
O'Sullivan**

Independent Social Care
Consultant and Visiting
Lecturer, specialising in
reflective practice and
supervision.

Parallel workshops will explore approaches to practice, policy, research, and social care education. The day will also provide opportunities to network, share learning, and strengthen connections across the social care community.
